I have tried every preparation used by modern Physicians, with the most distinguished and colebrated patent nontruma, now so highly extelled; as the various Panoceas, Sarasparille Syrups, Balesma, and Extracts; and, after repeated trials for years, in different forms of disease, I have found that this Syrup, beyond all comparison, far exceeds them all. In Chronic Inflammation of the Liver White Swelling, Necrosis, or Fever Seres, Rickets, Pistula, and King's Evil; in short, in every taint of the system or blood, from whatever cause it may arise, or however long standing, this medicine will be a pre-eminently superior article, and of the highest value in all cases for which it is rocommonded. This Powder made in twely unsurpassed in fulfilling the indications for which it is given, which is generally to p

derangement of the bowels, and consequently the Piles.

Most of the remedies now in use for this dangerou and painful affection, are directed to be applied externally; they do not remove the cause of the complaint, and can therefore afford only temporary relief. Again, the disease is often beyond the reach o aid from external applications; an objection to which this remedy is not liable, it being taken internally it is perfectly safe, pleasant to take, mild and easy in its operation, and affords immediate relief.

It is equally efficacious in curing both the Blind and Bleeding Piles. If the bowels are left costive after the use of this medicine, a little physic may be taken to regulate them. Having been trying the All Healing Ontment in some very bad cases of Piles, I hesitate not to assure the afflicted that it is a very valuable medicine, and an inestimable auxiliary to the Electuary. I consider it the best external application, I have ever known. The Electuary is an internal remedy, and the Ontment as an external application, used in connexion. Organic Weakness,

Immediately cured and full vigor restored.

This dreadful disease is the penalty most frequently paid by those who have become the victims of improper indulgencies. Young persons are too apt to commit excesses, not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost scener by those failing into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental powers weakened, nervous debuilty, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, &c.

TESTIMONY on M NORTH CAROLINA.

Oertificate of Dr. W. Smith, of Pins Hill, Rich mond County, North Caroliva.

Pins Hill, March 4, 1854

Draz Sir: I have been a subject of lyspepsia, in its worst form, for the last five years. Such was my condition for twelve months that the physicians and all who saw me said I must die. While in this condition, I was carried to the watering places in Virginia, Tennessee, and North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Rutherfordton, a small village in North Canelina, to try the effect of some Chalybeate water in that place. About the last of the week I went into a drug store to get some medicine for my child and myse f. There were several of the village physicians in the store, and one of the meemed to take some interest in my case, and, a terasking me some questions, said he had been a dyspeptic, and had been greatly benefited by the use of "Hoofand's German Bitters." prepared by yeu, and he insisted that I would try the Bitters. He also called the next day at my room, and insisted so much that I would try them that I asked him to get me one bottle. He did it, and I commenced taking it as directed, and I was more benefited by it than all the water and medicine I had ever taken.

After reaching home, one of my neighbors came to me for a prescription and medicine, (he a dyspeptic,) and I gave him nearly all the Bitters I had left, which effected much good in his case. He has often called on me for more of the same kind of medicine, saying he was more benefited by it than any other he and taken, sat I have not been able to get any more for him or myself since. Will you, therefore, please ship me a dozen or more as soon as possible.

Respectfully, yours, Wake county, North

"Having experienced very great benefit from the use of Hoofisard's German Fitters, in Chronic Dysentery and Functional Derangement of the Liver, and its concomitant cvils, I am desirous of obtaining a quantity of it for the benefit of my community. You will, therefore, please send a lot, &c."
